INTRODUCTION

Mr. Malcolm N. Jackson, who gathered the superb collection of coins catalogued and described in the following pages, is a resident of Brookline, Massachusetts, and a member of the firm of Francis Henshaw & Co., stock brokers of Boston.

He began to collect coins about the year 1888, and though for a few years he collected only the commoner pieces, for the last ten years he has confined himself to securing what is probably the nearest approach to a complete collection of the different denominations of United States Coins and their branch mints that has ever been offered for public competition.

Mr. Jackson's aim was to secure the finest specimens possible, and to this end he was a most liberal purchaser both at auction and private sale.

The United States Coin Company offers to the collectors of the country Mr. Jackson's collection in its entirety, and trusts that it will meet with the liberal patronage that it deserves.

The following synopsis will give a general idea of the magnitude of the collection:

EAGLES—All the early dates in very choice condition.

HALF EAGLES—All the early dates excepting 1797, in choice condition, also very beautiful examples of 1820, 1823, 1825 and 1826.

THREE DOLLAR PIECES—A complete collection with the exception of 1875, which was sold by us in our February sale.

QUARTER EAGLES—A complete collection of the Philadelphia mint all in magnificent condition and an almost complete collection of the mint marks, lacking only two or three dates; those of the Dahlonega mint are especially worthy of mention, all the rare dates being in very unusual condition.

GOLD DOLLARS—A Complete collection including mint marks, all in the finest condition.

SILVER DOLLARS—Complete with the exception of 1804. The dollars of the branch mints with very few exceptions.

HALF DOLLARS—A complete collection including all mint marks with the exception of 1838 O.

QUARTER DOLLARS—A fine collection including very choice specimens of 1796, 1806 over 5, and 1827.

TWENTY CENT PIECES—1876 CC mint, one of the four known specimens in beautiful uncirculated condition.

DIMES, HALF DIMES, THREE CENT (Silver) and the minor issues all in the finest condition.

CENTS—One of the most magnificent collections ever offered at auction, containing specimens of nearly every date in superb condition.

HALF CENTS—A complete collection containing a fine 1796 and all the rare dates in the 40's, in beautiful proof condition.

PATTERNS—The largest and finest collection ever catalogued for sale. Nearly 500 pieces including the following great rarities.

FIFTY DOLLAR PIECE 1877 in copper.

TWENTY DOLLAR, TEN DOLLAR AND FIVE DOLLAR PIECES in several metals, including those of 1875 and 1885 in aluminum and copper.

The excessively rare STELLAS OR FOUR DOLLAR PIECES in several metals.

THREE DOLLAR PIECES including the 1875 in aluminum and copper.

QUARTER EAGLES AND DOLLARS in several metals.

DOLLARS of 1836 in copper, 1838, 1839, 1865 with motto.

HALF DOLLARS, QUARTERS, DIMES and smaller pieces in great variety.

PRIVATE GOLD AND PATTERNS FOR SAME. A unique Massachusetts & California Company Five Dollar Piece in copper. A unique Bowie Dollar in copper and a number of other fine pieces.

We feel that this catalogue is one of the finest ever issued of a sale of coins, in fact we have spared no expense to make it so. The De Luxe edition contains sixteen splendid photographic plates and is bound in fine blue cloth, stamped with gold, price $5.00 which includes a printed list of the prices realized sent after the sale. We strongly recommend this special edition to all advanced collectors as being of special value, particularly to pattern collectors as there are seven plates of these pieces. All the plates are unusually fine and the coins all show up well. The list of prices realized will be sent separately after the sale for $1.00.

We trust that you will look over the catalogue carefully and if unable to attend the sale personally send in your bids for everything that interests you as early as possible.

Thanking you for your valued patronage in the past, we solicit your bids for this sale.

Very respectfully,

UNITED STATES COIN COMPANY,

200 FIFTH AVENUE, NEW YORK.

443 1794 Very fine for this piece. Stars on left and corresponding part of reverse weak as usual. The upper part of the letter E in LIBERTY seems to have been cut over, as is also the milling opposite the letter on reverse. It is possible that the coin has been holed and very skillfully plugged, but we are inclined to think that a clasp has been attached to the coin, which marred the surface a trifle, and upon removal this spot was tooled over. A very desirable specimen. *Plate IV.*
